## PAINTING AND DRAWING RETREATS 2019

### ART COURSES IN THE VILLA WHERE MATISSE LIVED AND WORKED!

For the 3rd year running, I am holding painting and drawing retreats in the former home of my favorite artist, Henry Matisse, in Vence in the very heart of the Côte d'Azur in France, 2019!

As artists we can gain so much inspiration from travel and experiencing the world - new scenery, exciting new dishes, making new friends, the scents of exotic plants, the different lighting. Travel stimulates all of our sense - all these things heighten our creativity!

## Who is it for?

This workshop is suitable for beginners and intermediate levels. If you have a lot of experience, contact me for more information and we can adapt the program for your level.

You should be prepared to try new things in the spirit of development and exploration.

The house has not changed very much for decades. You will have to be open for the charming accommodation, where you share some of the facilities with your fellow students. The standard is not to be considered luxury, but the beds are highly comfortable and you have WIFI. but there is no cable TV or air conditioning, however, the courses are in spring and autumn where the temperatures are likely to be moderate ( 10 to 24 degrees centigrade. 50 to 77 Fahrenheit )

### Booking:

Today, if you think of the French Riviera, you probably think of Monaco and Cannes, yachts and beaches, film festivals, casinos and the Grand Prix. But before the jet-set and glitterati discovered the area, it attracted artists such as Chagall, Renoir, Matisse and Picasso and many more. The stunning landscape, the climate, the light and the simple lifestyle enticed them to live and work here.

This is a magic place. Situated on the Mediterranean coast, nestled between Italy to the east and the Alps to the north, the Cote D'Azur gets its name from the amazing blue-green color of the sea after a storm. The famous Villa le Reve which is just across the road from the Chapel de la Rosarie which Matisse described as "my masterpiece", is a magical place to be and a unique opportunity and is the only opportunity to visit the villa it is not open to the public.
